INSTRUCTIONS TO EXAMINEES

Following instructions are mandatory for all examinees in addition to the instructions on their hall ticket for the examination.

1. The examinee shall check the answer book issued to him/her for ensuring that there are no loose pages, improperly printed pages, missing pages or torn pages etc. and if any such defect is noticed, the answer book shall be replaced by reporting to the block invigilator before commencing writing anything on or inside it.
2. Examinees are not permitted to leave examination hall in the initial 30 minutes and last 10 minutes of the examination duration. If examinee is leaving the examination hall before the end of examination, he/she shall submit the question paper along with the answer book.
3. A warning bell will be sounded 10 minutes before the close of the examination. Examinees shall tie the attachments if any to the answer book and be ready to hand over it to the invigilator at the ringing of the final bell announcing the end of the examination.
4. The examinee shall furnish all the requisite information expected to be filled by examinee on the face sheet of the answer book properly before commencing to write the answers.
5. Use only blue or black ink pen to write answers. If there is change in ink, it shall be attested by the supervisor/invigilator.
6. If the "examinee wishes to cancel the performance of the current paper after writing the answers in the answer book, the same can be done by scratching all the written answers and writing the remark as under,
 - "I have scratched all my answers and wish that the answers in this answer book shall not be assessed" at the end of the cancelled answers.
 - The block invigilator shall sign the answer sheet by putting the remark "the scratching of answers and the examinee's remark are seen by me."
 - In case this Instruction is not followed, then the scratched answers shall be assessed at the Regional Assessment Center.
7. **Important note for the Examinees of PH1J and PH2J:** In case, multiple answer options are observed for the same sub question of question No. 3, the option appearing first in the answer book shall be treated as answer and assessed accordingly. Hence the examinee shall retain only one answer option for each sub question of question No. 3 by striking off remaining options for the same sub question.
8. Exchange of answer books, question papers, calculators, drawing instruments etc, with other examinees in the examination block is strictly prohibited. Such an act shall amount to malpractice.
9. Disclosure of identity of the examinee by writing name / examination seat number / enrollment number / appeal to examiner or writing objectionable matter inside the answer book is strictly prohibited. Such an act amounts to malpractice.
10. Do not tear off any page from the answer book it amounts to punishment. If tear off page is by mistake get it certified from the supervisor/invigilator in the answer book.
11. The examinee shall behave properly before, during or after the examination to maintain the decorum of the examination. The violation of this instruction shall amount to malpractice.
12. The examinee found guilty of malpractice shall be liable for suitable punitive actions as per the provisions of the examination regulations of MSBTE.
13. Start each answer on a fresh page and write question number at the beginning of each answer. Do not write anything in the margin of answer book.
14. Do not leave blank page/s between the answers. If a page is left blank inadvertently, write "Please Turn Over (PTO)." Answers written beyond a blank page may not be assessed.
15. Examinees shall not write anything on the question paper of the examination except for his / her seat number. Such writings on question paper or scribbling amount to malpractice and is liable for punishment.

Q.]

d]

Classification of milling machine are as follows.

i] Plain milling machine

ii] Face milling machine

iii] End milling machine

iv] Side milling machine

c]

i] up milling

ii] down milling

iii] Couple

iv] double Couple

b)

nose teeth chuck cutter

i) Nose

ii) teeth
